

USER INTERFACE

The screenshot shows a broadcast control software interface with several key areas:

- Active Sequence:** Located at the top left, it contains a list of items: 6 QUICK BUTTONS, 9 BRANDING IRON X, 6 CLIPPER X DEMO, and 12 NEWSCAST. Below this list are buttons for 'A', 'NEW', 'NEW @00', and 'V'.
- Current List:** Below the active sequence, it displays 'NATIONAL HEADLINE NEWS'.
- Active Tickers:** A section on the left with three red arrows pointing to text: 'U.S. - Mexican relations are improving following the state visit by the newly elected...', 'The House today passed a Domestic spending bill that critics say will be vetoed by...', and 'Devastating California fires are finally coming under control due mainly to favorable winds'.
- PREVIEW Audio Controls:** A vertical slider control between the active sequence and the preview window.
- Dual Channel DVE Squeeze:** A central preview window showing a video feed with a 'DVE SQUEEZE' overlay.
- PROGRAM Audio Control:** A vertical slider control between the preview window and the on-air window.
- ON AIR Snype Keying:** A window on the right showing a video feed with a 'SNYPE' overlay.
- Buttons:** Below the preview and on-air windows are buttons for 'Live A', 'Live B', 'TAKE', and 'PANIC'. A central control panel includes 'BUG RIGHT', '@@ FOX 28', 'LOGO LEFT', 'BREAKING NEWS', '1-800-555-1212 EMERGENCY SERVICE', and '@@ BANNER'.
- Auto/Manual By Pass:** A 'NORMAL' button at the bottom right.
- Auto Sequencing Traffic List:** A grid at the bottom showing a sequence of clips with titles like 'FRIENDS', 'ENTERPRISE', 'JUDGE ALEX', 'LAW ORDER', 'RAYMOND', 'GOLDBERG SPOT', 'SEINFELD', 'GOLDBERG SPOT', 'FRAZER', 'END SLATE', and 'L' SQZ PROMO'.

Red arrows from external labels point to these specific features:
